EDUCATION

EPFL

Master in Computer Science

Lausanne, Switzerland

09/2022 - (07/2024)

- Distributed Algorithms
- Concurrent Algorithms
- Data Management Systems
- Spark
- Compilers
- Privacy, Security, and PETs

Politecnico di Torino

Bachelor of Computer Engineering - Grade 110L

Torino, TO

10/2019 - 07/2022

- Awarded Erasmus+ scholarship as part of a merit program
- Taken courses on: Computer Networks, Object Oriented Programming, Algorithms and Databases

Via University College

Exchange student for one semester

Horsens, Denmark

10/2021 - 01/2022

Taken courses on: C# and DotNet, Introduction to Machine Learning, Android Development

EXPERIENCE

GetApper SRL

Curricular internship

Torino, TO

02/2022 - 06/2022

- Full stack developer, e2e Testing
- Stack used: Typescript - React - Serverless.com - MongoDB

UNIVERSITY PROJECTS

L3 Compiler Project | *Compiler Construction, Scala, Github Actions*

Secure Multiparty Computation | *Privacy Enhancing Technologies, Python*

Transactional Memory Framework | *Concurrent Programming, C*

Distributed Algorithms Project | *Java, Network Programming*

Transaction Summary | *Android (Kotlin), Firebase functions, Firestore*

Automatic Greenhouse BBB | *Beaglebone, Cpp, Node js, Svelte*

TECHNICAL SKILLS

Languages: C, Java, Kotlin, Scala, JavaScript, TypeScript, Html, Css, Python, C#, SQL, Rust

Frameworks: Android, dotnet core, NestJS, sklearn, svelte, react

Tools: git, Github, Github Actions, Docker, Firebase

UNIVERSITY TEAM

IEEE Honors Society - HKN Polito

Inducted Member - IT Area

Torino, TO

03/2021 - 07/2023

- Python developer
- Back End developer (Typescript - NestJS), Unit testing, e2e testing

SPOKEN LANGUAGES

English: C1

Italian: Mother Tongue
